Attn: Chad Sherger

Dear Chad;

I would be happy to provide a testimonial on behalf of your company and its' products.

PSC Smartroof System was applied to the Kenn Borek Air facility in Calgary in 1996 to restore an aging gravel and tar roof. Maintenance Manager Doug Gaunt says " The Smartroof System proves itself again and again by offering us a cost effective leak solution with a line of products that allow our own maintenance staff to make repairs as required."

If you need anything else, feel free to contact me.

Sincerely,  
**KENN BOREK AIR LTD**
