The Study - Design Build

We were approached by Holland Design to bring to life their vision for the Cochrane based yoga and spin studio "The Study". The designers envisioned a unique community focused space for learning and growth. The facility included two classrooms and a notable gathering space filling 3500 sq ft. The ambiance at The Study is both simple and refined.

We worked closely with the owners and the design team to meet their project goals on time and on budget. Scope of work included a top to bottom buildout with demolition, new construction, plumbing, HVAC, floors, paint, electrical, lighting, cabinetry and finishing carpentry.

This project was completed in 2016.

Project Size

3500 sq ft commercial design build

Project Address

30 Griffin Industrial Point #13, Cochrane, AB T4C 0A2

Project Reference

We had the pleasure of working with 'The Study' on the Interior Design for their new Cochrane based yoga and spin studio.

We worked closely with Sherger Construction who helped bring our clients vision to life. Sherger Construction demonstrated a high level of commitment to get the job completed while offering creative solutions along the way.

We are very satisfied with the finished project and we appreciate Sherger Construction's contributions to it's success.
